ZHENYU ZHAO

London, UK ⋄ zzhao2@imperial.ac.uk

EDUCATION

Temple University, Philadelphia, PA, USA — Jan 2021 – Dec 2024
Ph.D. in Computer and Information Science (in 2021 Spring)
Ph.D. in Electrical and Computer Engineering

George Wasthington University, Washington D.C., USA — Aug 2018 – May 2020
Master of Science in Electrical Engineering

Wuhan University of Technology, Wuhan, China — Aug 2014 – May 2018
Bachelor of Engineering in Automation

WORK EXPERIENCE

Research Associate — Apr 2025 - Present
Imperial College London — *London, England*

Research Associate — Nov 2024 - Mar 2025
University of Birmingham — *Birmingham, England*

Grid Software Intern — Jun 2024 - Aug 2024
Siemens — *Minnetonka, MN*

- TNA upgrade project

Intern — Jun 2023 - Apr 2024
PJM Interconnection — *Audubon, PA*

- Studied the Energy Management System (EMS) and analyzed the historical trend of buses
- Wrote Python script translating all transmission information into PI data label, retrieved data building achieved dataset
- Conducted research on nodal load disaggregation with known proxy solar index

RESEARCH AND TEACHING EXPERIENCE

Graduate Research Assistant — Jan 2021 - Nov 2024
Temple University — *Philadelphia, PA*

- Conducted experiment of intrusion detection for IoT devices project based on time interval
- Collaborated with `PJM Interconnection` on nodal load disaggregation project. Proposed disaggregation model based on the nodal and zonal relation
- Collaborated with `Plug Power`, building a prognostic health monitoring for hydrogen fuel cell systems. Processed data from different devices, proposed binary classification model based on LSTM, conducted training, outcome analysis, and tuning

Graduate Teaching Assistant — Jan 2021 - Dec 2021
Temple University — *Philadelphia, PA*

- Lecturing and grading for CIS 1051 (Introduction to Python) lab, CIS 3319 (Wireless Network and Security) lab, and CIS 3329 (Network Architectures) lab

ACADEMIC SERVICES

- Reviewer for: IET Smart Grid, IEEE Transactions on Transportation Electrification, IEEE VPPC, IEEE CDC
- Student volunteer and recipient of student travel grant at IEEE ITEC 2023, Detroit, MI
- Student volunteer at IECON 2018, Washington D.C.

- Mentor for Temple University pre-college workshops

SKILLS

- Quantitative Analysis, Machine Learning, Data Analysis
- Programming Language: Python, SQL, FORTRAN

RESEARCH AREA

- AI Adoption for Transition to Net Zero and Energy Justice
- Transmission Scale Renewable Energy
- Transmission Scale Load Disaggregation and Prediction
- Deep Learning Based Health Monitoring for Hydrogen Fuel Cells

SELECTED PUBLICATIONS

Journal Papers
